(Company Registration No. 199200539Z)

Incorporated in Singapore

**SEVERE FLOOD IN THAILAND CAUSED SUPPLY CHAIN DISRUPTIONS IN OUR
SUBSIDIARIES IN THAILAND, MALAYSIA AND INDIA**

The Board of Directors (the “**Board**”) of Juken Technology Limited (the “**Company**”) and together with its subsidiaries (the “**Group**”) wishes to announce that the severe flood in Thailand does not physically affect our Thailand plant. However, the severe flood has caused supply chain disruption to our operations in Thailand, Malaysia and India. Customers’ orders from our subsidiaries in Thailand, Malaysia and India have been directly affected due to the flood which affected the operations of certain customers in Thailand and indirect affected due to the overall supply chain disruption affecting some of our customers in Malaysia and India.

At present, the duration and extent of flood remains uncertain, and it is not possible to assess the duration of supply chain disruptions. Accordingly the actual impact to the Group’s performance cannot be assessed at this point in time.

The Company will continue to monitor the situation closely and provide updates of any materials developments to shareholders as and when appropriate.

BY ORDER OF THE BOARD

Wong Keng Yin
Executive Chairman
